The Court, acting under MCR 7.203(F)(2), orders that the motion for reconsideration is DENIED. The one page document titled "claim of interlocutory appeal" submitted by appellant could not have been construed as an application for leave to appeal. The document does not cite MCR 7.205, it's not titled an application for leave to appeal, and it does not remotely satisfy any of the filing requirements for an application for leave to appeal.
